Was calling u 13:57

I hv spoken to my boss 13:57

TODAY

Morning SY, reverting back to u on the negotiation.. 09:02

Unfortunately we are not able to give rm19.5k 09:04

As the total % of increment is beyond 30% 09:05

Best we can do is at 18,500 09:06

Not sure u still want to proceed or not at this juncture 09:06

Any other benefit or allowance on top of this? 09:07 ✓✓

I can try to propose 1 month salary pay out after u complete 1st year & only 1st year 09:08

That means ur total for 1st year is 240,500 09:08

Which is better than 234,000@19,000 09:09

After 1st year, ur salary will be adjusted accordingly for performance appraisal 09:09

Understand & appreciated that.
Any car allowance, phone or broadband allowance, or parking fee to be given? 09:10 ✓✓

Tak Ada

Tak Ada 09:10

Here very flat 09:10

Bonus - average performer is 2mths 09:11

But if u really shine in digital data science (new area they want to focus) 09:11

U may get better bonus then 2mths (but depends) 09:12

Understand. So, the job title in offer letter will remain: Data Scientist Manager ? 09:13 ✓✓

Yes 09:14

As per what I explain 09:14

Ai Li

I can try to propose 1 month salary pay out after u complete 1st year & only 1st year

If u really keen , i try the 1 mth completion bonus for u 09:15

Coz if u not keen.. I go to my boss oridi .. then not nice ., raise their hope later u don't want 09:15

To me, it's a 30% jump for u as well but it's a take home cash 09:17

Whereas bigger company out there like bank.., insurance.., they may give lower salary but comes with other benefits 09:17

So.. depending which is more realistic 09:17

Over here, we don't hv much of benefits to offer but just \$\$ \$ to counter those.. good in a way if use that as a base for u to jump again 09:19

If u travel. u earn travelling per diem 09:21

Not considering to always jump. But have to make up mind
to contribute. 09:28 ✓✓

I understand totally. Let me think through over the trip.
Cause now is rushing to prepare things and rushing to the
airport.

Thanks for everything. Let me really consider it.

I get back to you after I back from my outstation. 09:29 ✓✓

Ok 09:30

When will u come by n revert? 09:30

If u think it's ok, then I will need to go ask for the 1 mth
completion bonus for u 09:30

Huh.. so late.. u think think first then let me know 09:36

Letter n conversation can do after u come back 09:36

Or a call to you at ur convenience 09:36

At least some indication for me to update my boss also 09:37

U r travelling is it? 09:37

Ai Li
